ESTABLISHED 1857.
500,000 PEOPLE
Throughout the United States & Canadas,
HAVE USED
DR. J. MILLER'S
SOOTHING & HEALING
BALSAM,
And cheerfully recommend it to the public as being the BEST FAMILY MEDICINE in the world for all internal and external complaints for which it is recommended. It is fast gaining popular favor, and has already reached extensive sales. All we ask, in order to convince the most skeptical of the powerful efficacy of this GREAT REMEDY, is the trial of one bottle, costing only 50 cents, and you will never be without it or hesitate to recommend it to your friends. Sold by druggists everywhere. Every bottle used according to directions is warranted to cure, or money refunded.
The proprietors CHALLENGE THE WORLD to produce its superior as a remedy. Testimonials received daily in reference to the astonishing cures it has performed. It is used and recommended by prominent physicians throughout the country.
It has proved infallible for Burns, Scalds, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the side, back or shoulders, Piles, Corns, Chilblains, Chapped Hands, Stiff Neck, Ague in the face or breast, Ear Ache, Deafness, Loss of Motion of Limbs, Rheumatism, Scorching, Erysipelas, Inflamation of the Eyes, Inflamed Irritation of the Skin. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.
AS AN INTERNAL MEDICINE, when taken in season, it will cure Croup, Hoarseness, Sore Throat, Dry Cough, Asthma, Whooping Cough, Canker in the Mouth, Sore Lips, Inflamation of the Bowels, Dysentery, Kidney Complaints and Cholera Morbus.
THE "BALSAM" has also given great relief in many cases of Diphtheria.
No person need fear to use this medicine, as it is purely vegetable in its composition. It is soothing and healing in its influence, and may be given to any age or sex with perfect safety.

NEW ADVERTISEMENTS.

THE METHODIST, of New York, has always been edited with marked ability by Rev. Er. Gannon. Its publishers have just added to its editorial corps, Rev. ABEL STEVENS, an equally experienced journalist, and author of the best History of Methodism extant. They have also engaged contributions and sermons from the Rev. T. De Witt Talmage, whose success and popularity as a preacher, writer and lecturer, are almost unexampled, and whose free Tabernacle in Brooklyn, with its congregation of over 2,000 people, is one of the marvels of the age. Rev. HENRY WARD BEECHER has a Lecture Room Talk every week.
THE METHODIST aborts in all good things, is never dull or dry, has stories for children, hints for farmers, and something for everybody. Mrs. Whiting's great serial story is almost ready. They offer for the price of one year's subscription ($2.50) to 1872, Specimen copies free. 114 Nassau Street, New York.

NORWOOD, N. J.—Professional Men, Manufacturers, Builders and others desiring business and home near New York, should examine Norwood, where I sell sites and town lots at lower prices and on easier terms than can be found elsewhere, equally accessible to the city. Hotels, churches, schools, stores, &c.; 15 trains daily; Northern R. R. of N. J.; 21 miles from City Hall.
J. WYMAN JONES, 160 Broadway, N. Y.

OF A FAR HIGHER CLASS
than any other proprietary medicine of the day stands
TARRANT'S EFFERVESCENT
SELTZER APERIENT,
And for this reason: it is an exact counterpart of one of the most valuable natural medicines in the world. We refer to the great Seltzer Spring of Germany, to which thousands of the dyspeptic, the bilious, the rheumatic, and the victims of wasted dissipation resort annually, and return to their homes, convalescent or cured. The Aperient is one of the first and by far the most successful of all the efforts made to reproduce, in a portable form, the popular mineral waters of Europe. See that you purchase only the genuine article.
SOLD BY ALL DRUGGISTS.

BISHOP SOULE'S LINIMENT,
Invented by the late Bishop Soule, is creating a revolution in the cure of SCIATICA, INFLAMMATION, NEURALGIA, KIDNEY and SPINAL COMPLAINTS, SORE THROAT, SPRAINS, &c. The cures effected by it are almost beyond belief. Try it, use nothing else, and you will succeed. It is the only sure cure for that dreadful disease, SCIATICA.
For sale by Druggists, price $1.50 per bottle.
P. W. HYDER & SON, Proprietors, Boston, Mass.

RECIPE FOR CORN STARCH CAKE.

The whites of twelve eggs, three cups of sugar, one of butter, three of flour, one of corn starch, one of sweet milk, two teaspoons of cream tarter, one of soda—(half of the ingredients will make a large cake.) Beat the sugar and butter to a cream, and then add the milk.

GUEING EGG EATING HENS.

Keep fowls well supplied with lime and gravel or brick layers, rubbish and animal food (fresh meat,) in some form; it may prevent or cure hens eating their eggs.—Another mode is to place in the nests artificial or china eggs and let them peck at them to their heart's content.

COLD SLAW.

Cut a cabbage in half and with a sharp knife shave it down very finely. Make a dressing of one egg well beaten, half a gill of vinigar, salt to taste, and a teaspoon of butter. Beat the eggs light, and add to it the vinegar, salt and butter. As soon as the egg is thick, take it off the fire, set it away to cool, then pour it over the cabbage, and mix it well together. Some prefer a little sugar in the egg and vinegar.

PEICASSED POTATOES.

Pare and slice, half an inch in thickness, into cold water, the required quantity of potatoes and wash them well, put them into a clean saucepan, pour over them cold water enough to half cover them, close the pot tightly, and let them cook fifteen minutes; drain off every drop of water; have ready a pint of cream or new milk, a large spoonful of good butter, a tenspoonful of chopped parsley, and some salt; pour this over the potatoes, shake them around, and just heat up. Serve hot.

RHODE ISLAND BEEF,
VERSUS
WESTERN BEEF.
LET it no longer be said that we must depend on the far West for our Beef.
MR. THOMAS GLADDING, of Bridge Street, is now supplying his customers with BEEF fattened by Mr. Peleg F. Sherman at his farm in Middletown, that will compare favorably with any that has come here from abroad.
Six head of these cattle weighed 12,005 lbs., or a trifle over one *ton* each. The heaviest pair weighed when delivered to Mr. G. 4,310 lbs. This Splendid Beef may now be seen at his Market. There is no reason why our whole supply of fine beef should not be fed here, for the fertility of Mr. Sherman's farm fully proves the profitable improvement of the soil that must result from the consumption of the grain that is profitably used in fattening.

"No Cattle, no Manure,
No Manure, no Grass,
No Grass, no Cattle."

JOHN G. PECKHAM,

NEWPORT DAILY NEWS.

THURSDAY, May 25, 1871.

News of the Day.

The Senate, at ten minutes of eleven o'clock last evening, ratified the treaty of Washington by a vote 60 to 12, all amendments being rejected.

It is reported from Washington, that Senator Conkling has lost the support of the Administration and that his glory is now waning. His movement on the treaty investigation has disgusted every sensible person throughout the country.

Vice President Colfax is still very ill, though he is better than he was a few days since. It is thought that he is out of danger.

Gen. Grant has accepted an invitation to visit Bangor, Me., in October, and assist in the celebration of the opening of the European and North American Railroad. The celebration will be on a great scale.

The Medical Association, of the District of Columbia, black balled a negro physician in good standing. They also refused to consult with colored physicians. Much indignation is expressed at their action.

A gang of highwaymen lately robbed a party of Chinese miners in broad day, near Grass Valley. The robbers have been arrested, but they cannot be punished, as Chinese are the only witnesses, and their testimony is not allowed.

Two hundred acres of woodland, near Breslau and Merrick, on the South side of Long Island, were burned over Tuesday.—Loss $10,000. Large fires are also reported in the forests of Sullivan, Ulster and Delaware counties, New York. An extensive forest fire is also progressing in the New Jersey pine barrens.

The sons of Vermont residing in New York have organized a social club under the name of "Green Mountain Club," and are fitting up a house on 24 street near 5th avenue, for their headquarters. O. P. Chandler, president of the First National Bank of Woodstock, Vt., has been elected president of the organization.

The international convention of Young Men's Christian Associations began its session at Washington yesterday. The attendance was large, and great interest was manifested. John Wanamaker of Philadelphia was elected president. The reports of the executive committee and agent were read.

The "Reds" are committing their last crowning acts of sacrilege. If they cannot conquer they will destroy. The have fired all the palaces and public buildings with petroleum. The Tuileries is now a heap of ruins. The city is enveloped in a thick black petroleum smoke. The Commune are giving away gradually and the government troops are gaining possession.

Gen. Fabure recently demanded of the Commune the surrender of those implicated in the attack upon Minister Washburne's residence. The reply was that he had ordered the Embassy to be kept sacred, and after the assault they attempted to Court Martial the offender but the culprits fled in dismay, and could not be found.

The Reichstag has approved the supplementary clause to the postal treaty between America and Germany, under which letters henceforth will be forwarded to and from America at a rate of five cents per half ounce.

The silks and dry goods store of Messrs. Annable & Allen, No. 85 Westminster street, Prov. was broken into Tuesday night, and silks carried of to the value of from four thousand five hundred to five thousand dollars. Messrs Annable & Allen recently removed from the Arcade to their present location, to accommodate their inceasing business, and they have the sympathy of the public in their loss, which is not enough, however, to mar their increasing prosperity.

The robbers effected an entrance through several other rooms and by tearing up part of a flight of stairs, gained access to a wash-room connected with the store. The parties are suspected and detectives are on their track.

Extension of the Telegraph.

A telegraph scheme which includes a net work of sea and land lines more stupendous than any now in existence, has been given shape for the formation of a company of English and American capitalists to carry it out. The scheme contemplates a cable from some point on the coast of Georgia, probably about Brunswick, to San Domingo, thence to Rio Janeiro, Brazil, and intermediate points. From San Domingo communication will be secured with Aspinwall, Panama and the northern states of South America. Ultimately land lines will be run from Rio Janeiro to Ascension, in Paraguay, thence across the Argentine Republic into Chili, terminating at Valparaiso; Buenos Ayres and Montivideo will be connected by cable with Rio Janeiro.—Down the western coast of South America a cable will be run from Panama to Callao, touching at Gayaquil, the seaport of Quito, and mayhap other points. It will then be but a short time before the wires join the numerous inland cities of South America with the seaports.

Such an enterprise as this will have the direct effect of carrying capital and life to our southern neighbors. Next to the railroad the telegraph is the great civilizer.—Along its line commerce is quickened, and enterprise of all kinds finds a home. The South American states are in need of just such a civilizer to assist in developing their resources, and to start them on the road to prosperity.

An Englishman's Opinion of Americans.

At a dinner given to the members of the Joint Commission Tuesday, in New York, Lord Tenterden said that the cordiality of the reception given to the British Commissioners had made them feel at home ever since they had been in this country. Peace-makers were truly blessed and the result thus far for the arbitration of the questions at issue, between the United States and Great Britian, was more pleasant to contemplate than the bloody drama enacted by the peace breakers of Europe. He had found the people of America very much like the people of England. Both were high spirited people, having a nice sense of honor, but the spirit of justice and fair play was also so strongly developed in the two nations that it only needed a fair opportunity under hoped would not only inure to the happiness and welfare of America and Great Britian, but would prove a beacon and guiding star to universal peace and brotherly feeling among all mankind.

Arrest of Mr. Whitelaw Reid.

The New York *Post* says: We understand that Mr. Whitelaw Reid, managing editor of the *Tribune*, was Tuesday afternoon, arrested by the sergeant at arms of the United States Senate, and was by him conducted to Washington in the express train last evening.

Mr. Reid was doubtless examined by the Senate investigating committee yesterday, but we presume he will not be vindictively treated for the offence of publishing such news as came to him by telegraph.

Pipes for Domestic Water Service.

The Scientific American says: There is nothing about which we receive more numerous inquires than water pipes. Most people are getting suspicious of lead for this purpose, it having been shown that this metal often contaminates the portable waters conveyed through pipes made of it. For a time, quite a popular impression prevailed that in zinced, or, as commonly called, galvanized iron pipes, the cheap and safe water conduit for domestic purposes had been found. This is still maintained by some, and it is with a view to throw additional light upon the subject that the present article is written.

There is no doubt that iron pipes, thoroughly coated with zinc, and conveying perfectly pure water, will not contaminate the water to any appreciable or hurtful degree. Waters containing acids or free alkalies will, however, speedily become charged with the oxide or salts of zinc, to a greater or less extent, depending upon the character of the water. In some cases, where there does not appear to be a notable amount of alkalies, acids, or salts, the solutions of which dissolve or combine with zinc oxide, there is still a rapid attack upon the metal. We have a specimen of such a pipe that is nearly filled with a deposit of metallic origin, resembling mixed metallic zinc and red oxide of iron.

A prominent leader in the Shaker family at New Lebanon assures us that they have not succeeded in the use of zinc coated pipes and regarding lead with disfavor, they are meditating a return to the old pump log service, one so much used in this country.

We are cognizant of another example in a town near Boston, Mass., where a new house was piped with galvanized iron pipes. Sickness soon overtook the family, one of its young members died, and a *post mortem* examination revealed the presence of salts of zinc in the stomach and other organs. Death was directly attributed to the use of these pipes.

A method has been recently patented for coating pipes internally by silver electroplating therein. Water containing sulpher would, of course, in time convert such a coating into the sulphide of silver; but this, being insoluble in water, would protect the pipes as well as the metallic silver. Should the water contain any alkaline hyposulphites, and also free chloride, the silver may be gradually converted into a chloride, which, being dissolved by ammonia, would after a time, result in the denudation of the lead. Of course the time required for this action, if it should take place, can only be determined by experiment.

In Boston the lined copper pipes are coming into vogue, and are pronounced perfectly safe in all respects. The copper is tinned before being made into tubes, and the interior of the pipe is again tinned when made up. The expense of these pipes is about the same as lead pipes of equal strength.

Horses at Agricultural Fairs.

Soon the agricultural societies thoughout the State will hold meetings for the purpose of revising premium lists, appointing judges, &c., and I feel assured of having your sympathy of all true friends of agriculture, while I enter my protest against the prevailing fashionable practice of prostituting agricultural fairs into mere "hoss trots," demoralizing in a tendency drawing together the "riff raff" and "skim skum" of society, often ending in a "glorious drunk," leaving baneful effects in their track, and no one made better. So prevalent has the practice become that I think it is the bounden duty of every good man to set his face like a flint against it.

But, say the managers of the societies, we must amuse the people that come to our fairs, and must do something that will draw. I say in reply, he that amuses me may be entitled to my thanks, but he tha instructs me, gives to me new ideas, knowledge that will help me overcome the trials of life, increase its profit, and multiply its pleasures, is entitled to my eternal gratitude.

But, say they, we can get more people to see a "trot" than to hear an address. I say to them, get up a dog fight, and you can get more to see that than to go and see the longest strides any Dexter, Jr., can possibly make.

I rejoice there is a county society in Delaware that never has given one dollar for the fastest horse. And this society has been highly successful, causing the farmer to be more honored and honorable. Farmers go away from the fairs held by the society, with wiser heads and stimulated hands, feeling more and more, as the years roll away, that the character of a nation at home and abroad depends more upon the intelligence of the farmers than upon any other class. And the success of the society in dollars has been very encouraging. Money for years has accumulated, and repeatedly the executive committee has enlarged the premium list, and wisely paid their money for interesting, instructive and practical addresses and poems, rather than encouraging laziness by paying fast men to drive a fast horse around the ring a "leetle faster than sumbody's else hoss can git."—*Country Gentlemen.*

Nothing like being practical. Looking at the great difficulty of finding men of sufficient mental capacity to make good jurors in capital cases, the New Bedford Standard suggests that there be an asylum for jurors established—a commodious building in some retired place, where such as may be under the risk of serving as jurymen may be compelled to reside for a fixed term. In such a calm retreat they should be well supplied with everything but newspapers, but no book that has not been published for at least fifty years shall be given them. The slightest knowledge of passing public events ought to be withheld from them; and when cases come to be tried they could be brought from their retreat in a state of the most blissful ignorance, and a panel could be made up without trouble.—Unless some plan of this kind is arranged

About Home.

Travel begins to increase on the Providence steamers.

Hon Wm. Beach Lawrence has returned to his residence, "Ochro Point."

Gov. Hoffman and family are to be at the Ocean House this summer.

A more substantial railing is being placed upon the walk on Sayers Wharf.

The Newport Band have been hired by the O. A. R. to furnish music on Decoration day.

The places for "stands" on the Mall were all taken two weeks ago. Our candy pedlers mean to be up with the times.

The Messrs. Hazzard came out today with an entirely new furniture wagon of a new model. An improvement upon the usual kind.

Col. Powel and officers have been invited by the Providence Light Infantry to assist at the reception of Gov. Padelford on his return from this city next week, Saturday.

We are pleased to learn that Mr. George Otis is again to be the operator at the office of the Western Union Telegraph company at the Ocean House this season.

The Odd Fellows had a meeting last evening and voted to go to Boston on the 13th. of June, to attend the Odd Fellows celebration to be held in that city at that time.—They will take with them a band of music.

A horse belonging to Mr. Crandall, concluding to follow the fashion, ran way.—It soon brought up against a front fence on Prospect Hill street. The fence was somewhat worse for the contact but the team was stopped.

CATTLE DISEASE.—The commissioners have decided to remove all restrictions as to admitting cattle into the state from the Albany yards for the present. No disease has been found in the State for several weeks, and it is thought that all danger is over.

PERSONAL.—The indications are that Gen. C. C. Van Zandt of this city will be elected speaker of the House of Representatives at the coming session of the General Assembly. No better choice could be made.

UNION TORPEDO.—The sale of this dangerous invention is prohibited by the city government. Boys and all others who are disposed to celebrate Fourth of July in advance, will do well to have a care as to what implements they use.

R. I. UNIVERSITY SCHOOL.—As will be seen by the advertisement in another column the Junior classes of Dr. Humphreys' school are now open for the summer session. Dr. Humphreys has been connected with many of the prominent schools of England, and in this country he has done a great work in the cause of education. We hope the Newport people will give him the generous patronage he deserves. The doctor also gives private instruction to those requiring careful personal attention.

HEADQUARTERS STEVENS POST, NO. 2.

"GRAND ARMY OF THE REPUBLIC."

NEWPORT, R. I., May 24 1871.

GENERAL ORDERS }
No. 1. }

I. In accordance with orders from Major General John A. Logan, Commander-in-Chief of the "Grand Army of the Republic' this Post will on Monday the 29th inst., engage in the touching, and appropriate ceremony of decorating with flowers the graves of our Comrades who sacrificed their lives during the war of the rebellion.

II. All officers of the Army, Navy, Marine and Revenue Service, and all ex-officers, soldiers and sailors, not members of the "Grand Army of the Republic" who have received an honorable discharge from the service of the United States are cordially invited to unite with this Post on the occasion.

III. The line will be formed at 9.30 o'clock A. M. on South Touro street, the right resting on Catherine street. Troops on arrival will be reported to the Assistant Adjutant General.

IV. The following will be the order of march:

The Commander of Post No. 2, G. A. R., and Staff.

Officers and members, of Post No. 2, G. A. R., with flowers.

Ex.Officers, soldiers and sailors of the United States Army and Navy.

Newport Brass Band.

Newport Artillery Company.

Light Infantry Zouaves.

Redwood Band.

Aquidneck Rifles.

Burnside Guards.

Orator, Poet and Chaplain o the Day.

His Honor, the Mayor of Newport, and members of the City Government.

Officers of the United States Army and Navy.

Officers of the United States Customs and Marine.

United States Civil Officers.

V. The Column will move down South Touro street to Bowery, down Bowery and Young to Thames, up Thames st. to Walnut, up Walnut to the Cemetery where the ceremonies will be held. It is requested that the bells of the various churches be tolled while the column is en route,—that the citizens along the line of march close their places of business, and that the flags in the city and on the shipping in the harbor be displayed at half mast.

VI. The members of this Post, together with the ex officers, soldiers and sailors of the United States service will assemble at the Academy of Music on Touro street at 9 o'clock A. M. Flowers can be sent to the same place at any time on Saturday or Sunday.

By Command of Post Commander,

FRANK H. WILKS.

J. A. JUDSON, Asst. Adj't General.

It is said that bleeding from a wound, on man or beast, may be stopped by a mixture of wheat flour and common salt, in equal parts, bound with a cloth. If the bleeding be profuse, use a large quantity, say from one to three pints. It may be left on for hours, or even days, if necessary.

A girl in St. Louis, Mo., who is studying law and intends to practice, was asked by an envious lawyer if she was not afraid of losing her reputation. She replied, that it had never occurred to her that lawyers had generally any reputation to lose. The conversation was here terminated.

Another instance of the purchase and sale of a wife has been revealed in England. The woman, who applied to the stipendiary magistrate for a relief, stated that the purchaser, who had recently deserted her, bought her, of her husband twenty five years ago, ratifying the transaction by standing in that gentleman's shoes for a few moments.

The injury done by the menhaden fishery is again under discussion in New York the increasing scarcity of bluefish and striped bass in those waters have attracted attention thereto. It is asserted by the old fishermen unless the destruction of the menhaden, the natural food of the edible fishes, is checked, blue-fish and bass will soon become a rarity in our markets. As indicating the extent of the menhaden fishery, the New York Sun mentions that on last Wednesday evening the Mattituck company of Long Island captured 1,000,000; the North Haven Fishing company caught 300,000 on Friday; the Indian Neck company caught 300,000 last week; the North Side company scooped in 100,000 in one day. The enormous number caught at the eastern end of Long Island last season was the subject of numerous paragraphs.

Saturday Night.

Saturday night makes people human, sets their hearts to beating softly, as they used to do before the world turned them into drums, and jarred them to pieces with tattoos. The ledger closes with a slash, the iron-doored vaults come to with a bang, up go the shutters with a will, click goes the key in the lock. It is Saturday night, and we breathe free again. Homeward, ho! The door that has been ajar all the week, closes behind us; the world is shut out. Shut out! Shut in rather. Here are our treasures, after all, and not in the vault, and not in the book—save the old record in the old family Bible—and not in the bank. Maybe you are a bachelor, frosty and forty. Then, poor fellow, Saturday night is nothing to you, just as you are nothing to anybody. Get a wife, blue-eyed or brown-eyed; but above all true eyed. Get a little home—no matter how little; a sofa, just to hold two, or two and a half, and then get the two, or two and a half in it of a Saturday night, and then read this paragraph by the light of your wife's eyes, and thank heaven and take courage.

For Internal Use,

Barlone's Lotion should be taken in half or one tea-spoonful doses, in a half cup of hot water, well sweetened; and a dose should always be taken before applying externally, to keep pain from the cold.

This is the season of the year when the system should be thoroughly purged of the humors which create disease. There is no purgative or cathartic so mild and efficacious as HELMBOLD'S GRAPE PILLS, causing neither nausea or griping pains—as is the case with the ordinary cheap patent pills of the day—most of which are composed of calomel or mercury, and carelessly prepared by inexperienced persons. After thoroughly purging the system use HELMBOLD'S EXTRACT SARSAPARILLA, the great Blood Purifier, and they will insure new life, new blood and renewed vigor. Try them.

You Haven't Tried Them.

Victim of debility, who is responsible for your feebleness? Not yourself, you will say, for you've done all you could to cure it. That's a mistake on your part.

You haven't tried Hostetter's Bitters.

Gloomy dyspeptic, with an uneasy stomach and a world-weary face, of course you don't think yourself responsible for your own torments. But you are. It is easy to see from your condition that you haven't tried Hostetter's Bitters.

Bilious sufferer, it is not your fault, you think, that your symptoms grow worse day by day. Blue pill doesn't do you any good. Very likely. But you can be brought round for all that.

Why haven't you tried Hostetter's Bitters?

Friend, on whom fever and ague alternately blows hot and cold, and whose brain seems to be bursting with the effects of some powerful drug, do you assume the responsibility? O, no! You've taken piles of quinine, and all the regulation medicines. What could you do more? One thing more—the very thing that would have exempted you from all the pangs that now rack you.

You have never tried Hostetter's Bitters.

Nervous invalid, what have you to say? You plead that you have taken all the nervines of the pharmacopoeia. If they have done you no good, it is not your fault. You are not responsible. Wrong, all wrong. You have, in reality, nobody to blame but yourself.

Why haven't you tried Hostetter's Bitters?

For all the above-named complaints, the Bitters are absolute specifics.

ALFRED SMITH.

Newport, May 19, 1871.

Court of Probate, City of Newport, May 8th, 1871.

UPON THE PETITION of STEPHEN H. NORMAN, of Newport, approved and appointed by this Court as the Guardian of the Estate in Rhode Island, of SARAH R. ALLEN, of the town of Canton, in the county of Norfolk, State of Massachusetts, a minor over the age of fourteen years, child of William H. Allen, of said town of Canton, and Guardian of the Estates in Rhode Island of HENRY KINSLEY, ADELAIDE C. KINSLEY and NELSON G. KINSLEY, minors, under the age of fourteen years, children of Henry Kinsley, late of said town of Canton, deceased, all the above-name minors residing in said town of Canton: representing that the said minors have each a small undivided interest in that certain real estate situated in the city of Newport, in said State of Rhode Island, known as Bannister's Wharf, and in the waters and water lot appertaining to said wharf, late owned by Rufus B. Kinsley, deceased, and conveyed to him by the late Wm. Vernon, and further representing that the other owners in said wharf have agreed to sell their interest therein, and the petitioner thinks it will be for the best interest of his said wards to join in the said sale, as the proceeds thereof could be more advantageously invested, and praying that he, said guardian of said minors, may be authorized and empowered to join in the sale, and to convey by deed the interests of said minors in said wharf and premises, and to invest the proceeds of such sale in some other manner under the advice and direction of this Court.

The same is received, and is referred to Monday the 29th day of May instant, at 10 o'clock A. M., at the Probate Office in the City Hall, in Newport, for consideration, and it is ordered that notice thereof be published for fourteen days, once a week, in the Newport Daily News.

GREAT BRITAIN.

The Queen's Birthday.

LONDON, May 24.

The anniversary of the birthday of Her Majesty Queen Victoria is being generally observed as a holiday throughout the United Kingdom. Business is entirely suspended, and the usual festivities are being indulged in without restraint. Naval and military salutes are being fired at intervals in honor of the occasion. The city is alive with excitement. Pyrotechnic displays and military parades will occupy the afternoon and evening.

The following is the result of the Derby: Zephyr colt first and a dead heat between Albert Victor and King of the Forest for the second place. Seventeen ran.

The Times to day expresses the opinion that the settlement of the Alabama claims is honorable to England, and the object of both England and America realized. Though the treaty represents no perfect compromise, it is still acceptable for the sake of peace, and both countries have already practically ratified the result of the labors of the commission.

THE STRUGGLE AT PARIS.

LONDON, May 24.

The Daily News' special despatch from Versailles says the terminus of the Strasburg Railway was carried yesterday.

M. Thiers is indefatigable in the direction of operations looking to the supply of Paris with provisions.

The Telegraph's special despatch says the foreign powers have ordered their representatives in Paris not to protect the insurgents. It is said that the American minister, Mr. Washburne, did not act in concert with the other diplomats.

Billioray, the Communist Minister of War, was killed in yesterday's battle.

OUTSIDE OF PARIS, May 24—Morning.

The barricades in the Place Vendome and Place de la Concorde have not yet been carried, and the barricades at Belleville still hold out against the government troops. The insurgents, however, are discouraged by the success of the Versaillists. The losses of the latter yesterday were heavy. Strong hopes are entertained that the finishing blow will be given to the Communists to-day.

VERSAILLES, May 24—Morning.

The Louvre and Tuileries, are burning. They are said to have been ignited by the federalists with petroleum.

General Dombrowski was wounded and has been captured and imprisoned at St. Denis.

The government troops yesterday dislodged the federals from the Faubourg Germain and elsewhere, and are to-day continuing their victorious march. It is thought the federals will attempt to escape towards Belleville and Pantin. Crowds of repulsive-looking men, destitute of uniforms and in rags, have been taken prisoners.

The insurgents have fired the palaces of the Legion of Honor and Council of State on the southern side of the Seine and opposite the gardens of the Tuileries. Other palaces are also burning.

THE POPULATION OF LONDON.

LONDON, May 24.

The official result of the census of London just published shows a total population of slightly over three and a quarter millions.

FROM WASHINGTON.

The Senate and the Treaty.

May. 24.

The Senate met at ten o'clock this morning, and after Mr. Anthony had presented a memorial from a large number of persons holding claims against Venezuela to the extent of over a quarter of a million of dollars, and praying for an examination, went into executive session. The vote on the treaty will be reached today before adjourning, even if an all night session is necessary.

WOULD invite attention to the "Combination Suction Plate," said by competent Dentists to be the greatest improvement in Mechanical Dentistry in thirty years. Insuring perfect security against rocking, moving or falling. Preventing particles of food from working under, and the amount of suction increased at least ten times over any plate in use. Equally applicable to the most difficult mouths or to partial sets.

He is also using a new base for Artificial Teeth, which promises to be incomparably superior to rubber. Combining strength, beauty and cleanliness with perfect freedom from taste or smell. nov21

Sam Houston.

Sam Houston was an eccentric man. It is said that he left his wife on her wedding night, resigned his commission as Governor of Tennessee and emigrated to the Indian territory, because he discovered that she loved another man, but had married him in preference to the wishes of her family, who desired for her the social position of the wife of a governor. Mr. Schouler thus describes him as he appeared while representing Texas in the United States Senate:

When not speaking or writing, he sat in his seat with a long blade knife in one hand, and a piece of wood in the other, whittling. Go when you would into the Senate gallery, and look upon the Senate, you would see him working with his knife upon a piece of wood, and around his chair would be chips he had cut off. He did not appear to be making anything of use or ornament from the block he was whittling, but cut steadily on until he had used it up, when one of the pages would bring another piece. He appeared to be a very kind hearted man, and fond of children. He was a great favorite with the boy pages, and frequently you would see one or two of them standing by his desk, talking with him. The only peculiarity about his dress was a vest which he generally wore when in Washington. It was made of the skin of some wild beast, with the fur outside.

SECRET AND DELICATE DISORDERS;

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

TWENTY YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

Medicines sent by Mail and Express to all parts of the United States.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all ladies who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

No. 21 Endicott Street, Boston.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY

SOLICITOR OF PATENTS,

For Inventions, Trade Marks, or Designs,

No. 76 State St., opp. Kilby St. Boston.

AFTER an extensive practice of upwards of twenty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all papers for Patents, executed on reasonable terms, with dispatch. Researches made to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse.

CHARLES MASON, Commissioner of Patents."

"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."

"Mr. R. H. EDDY has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

JURUBEBA.

WHAT IS IT?

It is a sure and perfect remedy for all diseases of the LIVER AND SPLEEN, ENLARGEMENT OR OBSTRUCTION OF INTESTINES, URINARY, UTERINE, OR ABDOMINAL ORGANS, POVERTY OR A WANT OF BLOOD, INTERMITTENT OR REMITTENT FEVERS, INFLAMMATION OF THE LIVER, DROPSY, SLUGGISH CIRCULATION OF THE BLOOD, ABSCESSES, TUMORS, JAUNDICE, SCROFULA, DYSPEPSIA, AGUE AND FEVER OR THEIR CONCOMITANTS.

DR. WELLS having become aware of the extraordinary medicinal properties of the South American Plant, called

JURUBEBA,

sent a special commission to that country to procure it in its native purity, and having found its wonderful curative properties to even exceed the anticipations formed by its great reputation, has concluded to offer it to the public, and is happy to state that he has perfected arrangements for a regular monthly supply of this wonderful Plant. He has spent much time experimenting and investigating as to the most efficient preparation from it, for popular use, and has for some time used in his own practice with most happy results the effectual medicine now presented to the public as

Dr. WELLS' EXTRACT of JURUBEBA,

and he confidently recommends it to every family as a household remedy which should be freely taken as a BLOOD PURIFIER in all derangements of the system and to animate and fortify all weak and Lymphatic temperaments.

CARD.

Having become satisfied after thorough investigation, that Elastic Sponge, as now and lately manufactured, is one of the best of all the substitutes for curled hair, for many if not most uses in Upholstery, we have accepted the Agency of it, and intend to make it hereafter a specialty in our business. The objections which have been made to it and which it is well known we ourselves have thought were well founded, we have ascertained cannot be urged against the article as now perfected. The process of manufacture has been entirely remodeled under the advice and superintendence of one of the most eminent chemists of New England. New chemical and mechanical appliances have been introduced in cleansing crude Sponge, and in charging it with glycerine with such entire success, that Elastic Sponge may now be said to be chemically pure. There is absolutely nothing in it but the clean fibre of sponge and chemically pure glycerine.

The objections to Elastic Sponge being thus removed there remain its undisputed merits which certainly entitle it to be considered one of the most valuable as it is one of the most curious and interesting of late discoveries. Chief among these merits is, that it is proof against moths—the great scourge of the hair ones,—and against all other insects. Then its elasticity is permanent, based as it is upon the non-evaporable property of glycerine and the indestructibility of sponge fibre. We have always been satisfied upon these two points which are the essential requisites in such materials. The evidence is now equally clear that it is wholesome and sweet.— It is certainly light and soft, easy to manipulate, and cheap enough for all except the lowest class of goods. For the cushioning of Churches, Theatres, Public Halls, Railway Stations, Omnibusses, Carriages, Steam and Horse Cars and the like, it will probably be found, everything considered, the best article in use. For all uses, and especially for Bedding, we are now prepared to recommend the public to give it a fair trial as we ourselves intend to do. We are ready also to answer inquiries, make estimates and take orders for every description of work in Sponge as well as to supply the trade the article in Bales.
